

Disabling Compatibility View in Internet Explorer

Problem

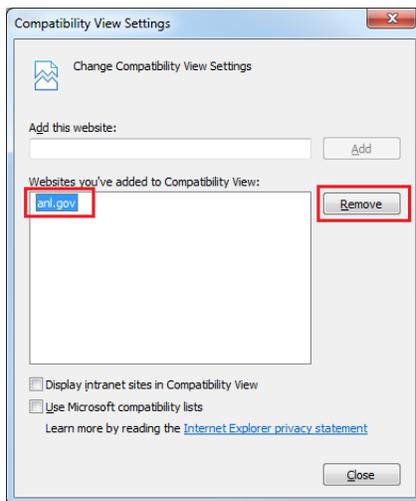

User is using Internet Explorer and has Compatibility View settings enabled for the site.

Solution

1. Click the gear icon to view the Tools menu and select Compatibility View Settings:

2. Select "anl.gov" from "Websites you've added to Compatibility View" and click the Remove button:

3. Click Close to return to the website. The screen will be redrawn and Compatibility View will be disabled for the site.
